City Auditorium Plan Is Too Costly

Football At Jefferson High School

Jefferson Hi left end, Louie De Salvatore picking up ten yards in the first quarter of play against Palo Alto on October 24.

Church Gives Second Bazaar

The second annual bazaar of Grace Presbyterian church will be held on Friday, November 14, in Masonic hall. The usual articles will be offered for sale and food and candy will be offered throughout the day and evening.

Cafeteria style meals will be served from opening time, 10 a. m. until 3:30 p. m. From 5 p. m. a chicken dinner will be served. Mrs. Stanford Hannah and Mrs. Walter Kesler will assist Mrs. William Harberts as chairman of the day.

Proceeds will be applied to the new church fund. The public is invited.

Michelsen's Have Golden Wedding

Mr. and Mrs. Ferdinand Michelsen, 144 Miriam street, celebrated their Golden Wedding anniversary on October 27 with an open house held on both Sunday and Monday. Many friends and relatives called and the couple received a quantity of gifts and congratulatory cards.

The evening of the anniversary, Michelsens and their son, Edwin F. Michelsen, and his family, of Burlingame, and son-in-law, John A. Hulme, and his family of this city dined with 30 guests in Rancho Mission, Marin county.

On Tuesday Michelsens and their daughter, Christine Hulme, and granddaughters, Yvonne and Jacqueline, motored to Los Angeles, scene of their honeymoon 50 years ago.

Other celebrations of their anniversary occurred at a meeting of El Carmelo Parlor, Native Daughters of the Golden West, which honored Mrs. Michelsen with a gift, and at the wedding of their niece they were toasted and photographed, and Mrs. Michelsen was given an orchid corsage.

Mrs. Michelsen was also feted by the Court of St. Mary, Catholic Daughters of America.

COUNTY PROPOSES RENT RAISES

Rent increases may be allowed San Mateo county landlords if a resolution of the San Mateo County Rent Advisory Board is accepted by federal rent authorities.

The resolution which would allow landlords total increases in the exact amount of the raise in taxes on rental property, was passed on Monday. It met with immediate objection from a representative of the area rent control office in San Francisco present at the meeting.

The matter will be referred to Henry R. Cross, area rent director in San Francisco, and to the Federal Housing Expediter in Washington. On Monday a public hearing which will collect testimony from landlords will be held.

DR. GANS WILL LEAVE NOV. 20

Latest release on the state of the County Health Department is the report that Dr. Charles C. Gans has resigned as of November 20. His official retirement date was February 2 when he reached the age of 70.

Dr. Harold Marks, superintendent of Community hospital, will be temporarily appointed head of the department until a new executive is appointed by County Executive Frederick Petersen.

San Mateo County Civil Service Commission in a new set of specifications places the salary for the position at $12,156 to $15,204.

This age limit definitely makes it impossible for 61-year-old Dr. J. C. Geiger, San Francisco health director, who indicated he was interested in the position, to be a candidate.

Dr. Marks has stated he will take the examinations which are scheduled for some time in December.

The new salary marks a 100 per cent increase over that received by Dr. Charles C. Gans, present director. It must be approved by the board of supervisors. Personnel Director Russell J. Cooney said the specifications and salary were decided after he had consulted with eight medical and public health officials throughout the country.

Plays For NDGW

At a reception of El Vespero chapter of Native Daughters of the Golden West held on October 28 Pauline Lugliani, 12, a student of Woodrow Wilson school, played piano selections.

Pershing PTA Plans Programs

General Pershing PTA will hold a whist party on November 12 in the school. Chairman is Mrs. George Freeland.

Plans are also underway for a dance to be held December 6 in celebration of the Christmas season. And on Tuesday, December 2, the organization will hold a Country Store in the afternoon and evening. The Country Store will feature baked goods, canned goods and white elephant booths.

Next meeting of the sewing club will be on November 13 in the home of Mrs. Mildred Whinnen. On November 7 a party will be held for pupils in Mrs. Krommis' room who brought in the greatest number of new members to the association.

Members are asked to attend the California Congress of Parents and Teachers, 17th District, to be held on November 20 in Jefferson Union High school.

Dr. William Harbert, pastor of Grace Presbyterian church, addressed club members on November 4. He spoke on the Thanksgiving theme.

Judge Sweeney Fines Three

Eunice Whiteman, 1385 Hampshire street, was fined $75 for being drunk in and about an auto by City Judge William J. Sweeney in traffic court proceedings on October 31.

Judge Sweeney also fined Hubert Jackson, 2796 Bryant street, $25 for making a disturbance over a speeding ticket given him by Officer Henry Sunderman.

Raymond Michalski, 473 Hillside boulevard, who entered a plea of "not guilty" to charges of indecent exposure, was fined $250 and placed on six months probation.

High School Essay Contest Scheduled

San Mateo County Press Association today announced an essay contest for San Mateo County high school students. The topic: "The Importance of a Free Press in Your Community."

Prizes totalling $131.25 plus trophies will be offered by the association. Judges will be County School Superintendent Pansy Jewett Abbott, Superior Court Judge Edmund Scott, and Dr. Chilton R. Bush, head of the journalism department at Stanford University.

Rules for the contest, announced by the committee, make it open to all high school students in the county. The essays, to be limited to approximately 500 words, will be judged on originality of thought, quality of material, and grammatical construction and neatness.

The heads of the journalism or English departments of each school will be requested to screen the entries and to submit the best five from each institution.

Each winner will receive a trophy in addition to a $100 savings bond for first place, $50 savings bond for second, and a $25 bond for third.

The contest will open with the new semester, February 1, 1948, and continue to April 1.

Drum Corps Places Second

El Carmelo Parlor, No. 181, Native Daughters of the Golden West, drum corps, took second prize in the Harbor Day parade at Hunters Point Sunday, October 26.

Participants were Mesdames Lois Capps, Ellen Pieri, Dorothy Linehan, Marie Gilbrecht and Misses Nadine McDonnell, Doris Vernengo, Kathleen Day, Barbara Ford, Mary Thimis, Verna Moresco, Yvonne Hulme, Johanna Schwarz.

Dolwig Appointed Committee Head

Richard J. Dolwig, San Mateo county assemblyman, was appointed chairman of the taxation and revenue sub-committee of the state constitutional revision committee at Santa Barbara last week. Associated with Dolwig are Senator Randolph Collier as vice chairman and 48 advisory members, including the state's leading experts on taxation.

Dolwig is a member of the Joint Interim Legislative Committee for Constitutional Revision, comprising 10 assemblymen and 10 senators. They met with Chairman Alfred W. Robertson, assemblyman from Santa Barbara, Wednesday and Thursday.

California's original constitution was drafted in 1849. The present constitution was prepared by a constitutional convention and adopted in 1879. Dolwig said the present plan is to propose constitutional revisions in committee, report to the 1949 legislature, which in turn may submit the proposed changes to the people.

FAR TOO COSTLY AND TOO LATE SEEMS TO BE LATEST OPINION VOICED

County Executive Frederick Peterson Warns Supervisors

County Executive Frederick Peterson in a letter to San Mateo Board of Supervisors warns them of the hardship to the taxpayers with the present plan for retiring the Relief and Juvenile home bonds in five years.

Board of Supervisors
County of San Mateo
Redwood City, California
Gentlemen:

This office has received numerous inquiries regarding the sale of the $320,000 par value of bonds voted last November for our Relief and Juvenile homes.

As this matter of the bond election and sale was handled entirely by you and your legislative advisor, this office cannot give the desired information and I would, therefore, request that your chairman give interested parties the answer to the following question through the press — why a five-year bond issue for public buildings?

When these inquiries began coming in, I made a check on bond issues for public buildings of several political subdivisions and found that bonds for such purpose were usually retired in twenty years.

In my opinion a five year retirement of bonds beginning next year, in addition to the present property tax, is a rather heavy burden on the average home owner.

Very truly yours,
FREDERICK PETERSON
County Executive

Linhares Mark Golden Wedding

Mr. and Mrs. Louis Linhares celebrated their Golden Wedding anniversary on November 6. They were married in 1897 in Hollister and have lived in Daly City since 1906.

A surprise dinner was given for them in their home, 176 Los Banos avenue, by their children, Mr. and Mrs. William Linhares, Mr. and Mrs. Milton Linhares, Mr. and Mrs. Louis Linhares, Clifford, Arthur, Kenneth and Veronica Linhares.

They were presented with furniture by the family.

The couple will attend the Golden Wedding party held by the San Francisco News. They will go to dinner at a San Francisco restaurant and attend the theater later.

Girl Scouts Have Guest Speaker

Girl Scout Troop No. 2 had as guest speaker Mrs. Brunette, former Girl Guide Leader in England, at their meeting last Thursday. She explained the Girl Guide organization to them and brought exhibits.

Camp savings stamps in the amount of $2.50 were collected, and permission blanks for day camp on Girl Scout outdoor day were given out.

New Hours At Colma Library

Colma branch of San Mateo County Library, now headed by Mrs. Jean O'Rourke, who replaces Mrs. Lizzie Atkinson, schedules new hours for book lovers.

Monday, 2 to 5 p. m. and 7 to 9 p. m.; Fridays, 2 to 5 p. m.

Modern Sewage System A "Must" Before Other Work

Further information on the possibilities of Daly City actually building a civic auditorium, for which, so far, $18,500 has been deposited with California Pacific Title Insurance Company, and $16,000 has been set aside in present budget, is obtained by careful perusal of the legislative bills which relate to the expenditure of monies which would be available to us for the construction.

In a document entitled Senate Bill 48 — which refers to an appropriation of $10,000,000 of state funds to be allocated to local communities on a matching basis for public works, projects and the acquisition of property for construction projects, Daly City has been allocated $9,632.73 for plans and $4,212.02 for acquisition of property. THIS IS ON A MATCHING BASIS.

The amount for plans, which of necessity must be of superior quality is a fine thing. It will be most helpful. But the amount allocated to us for the purchase of property would be a sad, small drop in the bucket of our expenditure. Nor can the amount for plans be applied to funds for sites.

It is believed that the construction of an auditorium will qualify for these sums from the State. That has not yet been positively ascertained, however.

Funds to be obtained from the State's $90,000,000 appropriation to cities may be acquired only for sewage facilities, major streets, including bridges and other street structures or facilities, schools, storm drains and the improvement of existing publicly owned waterworks systems.

Any funds allocated to any city which are not required for sewage facilities shall be expended only for the construction of the above mentioned projects.

Sewage facilities are not considered adequate if they discharge raw untreated sewage into the streams, rivers, bays and ocean of the state.

Stumbling blocks to the auditorium funds in this bill from which we have quoted, Assembly Bill 60, seem to be our sewage system which does not handle the disposal according to state specifications, and the rigid delineation of projects which may be undertaken with the funds, provided the sewage disposal met with official approval.

An auditorium is needed in Daly City. As a memorial to the city's veterans, as a needed facility for civic activities, it is much to be desired.

An auditorium is to be desired as a real and tangible adjunct to our civic life; as a place for meetings, for concerts, for athletic contests, for juvenile recreation, for any one of many constructive purposes which will contribute to a fuller community life.

We do not need the dream of an auditorium which will be realized in some utopian future. We do not need a figment of the city fathers' imagination, an illusion of overpowering architectural proportions.

What Daly City needs is an auditorium in the near future. An auditorium of a size and style which will fit the city budget and the amount of bond which a city this size can logically hope to float.

To implement the construction of such a building we suggest the city sell the property which it obtained at such cost, now, while prices are still on the level they

SNOOP CRUISE

More headline items from the shops this week, to let you know just where it can be found.

Now for the other hardware store, Shannons. They have the most beautiful yellow wheelbarrow with a big, fat rubber tire. The manufacturers call it the Poppy Barrow, but it's really for Mommies as it is quite light and very easily managed. It sells for $13.95, and if you don't have a garden, you're out of luck.

Also, for parents who are wondering what to do for the small fry in the way of tender mementos, Shannons has a big shipment of metal vehicles — including autos, coasters, tricycles, and scooters. They sell from $8 to $21, which prices are, they boast, "strictly list." No black marketing here, we are given to understand.

One of the best looking electric clocks around for study or living room sells for $25. It's a Westclox, with solid brass base, and finely tooled frame. An amber plastic backs the neutral dial face, and withall it is one of the simplest, and best designed we have seen in the medium price field.

Of special interest to "the boys" is a huge stock of white Arrow shirts at Dubin's Men's Shop. Models are the Dale at $3.95 and the Dart at $3.25.

And if you are in the market for neckties, or should we say cravats, they have a complete assortment of Arrow ties in wools, moire, satin and plain foulards and poplins. The wool plaids are very nice for the coming season. They may not keep your neck any warmer but they do blend with the spirit of things. Prices range from $1 to $1.50.

The Botany line of facial preparations with lanolin base (lanolin as we understand it is the only oil the skin really absorbs) are carried by McGraw Brothers Pharmacy. They are perfect for this weather when your skin wants to dry up and cause you untold grief. We suggest you present Papa with a bottle of the lotion, because whether he admits it or not, he doesn't like to look chapped either.

For a supreme, well, almost supreme, luxury for yourself you might try the set of four Rubenstein lipsticks. It would be a great morale builder on a day when you think the whole world is plotting against you to prance in and get the set suited to your coloring. They are packaged for blondes, red heads, brunettes and brownettes with each lipstick case in the color of the clothes with which it will harmonize. All this is being given to you by Madame Helena for only $3.50.

Most interesting thing we found in the Baby Shop was a gadget, of course, with a silly name. But the idea doesn't seem so silly. It looks like a deep metal cup, which it is, and when fastened to the car steering column and plugged in (like a cigarette lighter) it can warm baby food and milk. Sounds real wonderful if you and hubby have to take your baby to see old Aunt Gertrude, who lives 200 miles away.

More in the realm of every day problems are the flocks of new sweaters in the store. Sizes are from 1 to 6x, prices $2.25 and $2.98. They are all wool and come in yellow, blue, pink and white in the tiny tot sizes and in green, copen, navy and red in the kiddie sizes.

Fall coats for little girls are very much in evidence. They are in sizes 3 to 6x and of 100% wool. An attractive one was of beige, deepnapped fabric, styled like mother's chesterfield and decorated with brown velvet collar and cuffs.

Still a thrill to the housewife are the wares displayed in the Hopman radio and electrical appliance store. You can drool at the wonders of being able to purchase pop-up toasters, Sunbeam $21 and Toastmaster $19.95, and the Mixmaster replete with juicer and strainer. Mixmaster sells at $34.75 and Dormeyer at $30.95.

They have a new-type portable radio, too, that should be the answer to some sort of prayer. The battery is a storage one and never needs to be replaced. You just recharge the old one, like a car battery, only it's quite a bit smaller.

If you still don't know what to do with all your money after you have paid the food bill, try us next week.

Rod & Gun Club To Hold Election

Daly City Rod and Gun Club will hold an election the night of November 12, Wednesday. Members are asked to be present.

According to reports, the two "shootin'est guys" in the club were at it again the past two weeks. George Archer went to Maxwell at the Sunday opening of the duck season. He got limits of birds allowed.

The last Saturday and Sunday of the early season were successful for Jimmy Fox. He brought home the limit of drake sprig and another limit of drake cannonbacks.

Trachoma Rare

In the United States and other progressive countries, trachoma, commonly known as granulated eye-lids, is becoming rare.

Residue Problem

The use of DDT as a spray creates a residue problem similar to that created by the use of lead arsenate.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Daly City Celebrated A Safe Hallowe'en

The Daly City Fire Department was well pleased with the actions of the children of Daly City Hallowe'en. A wonderful time was had by all the children who attended the parties in the various sections of the city and the few that roamed the streets were orderly. Not a single false alarm was sounded that night.

The next night two false alarms were sounded. Whoever pulled the lever in box 38 got away this time, but, as the saying goes, "every dog has his day."

Fifty Per Cent of Fire Calls In October Were False

The Daly City Fire Department responded to eight fire calls during the month of October. Four of these were false alarms and two of the calls were bus fires. Both buses caught fire on the top of the hill.

After the hard pull up San Jose avenue, the grease in the motor and transmission caught on fire from the heat of the exhaust pipe and spread quickly. The drippings of grease that fell to the pavement were also ablaze.

The fires caused damage, but not to a great extent. The electric wires were burned and shorted, so the buses lost several runs before they could be repaired. This may serve as a tip or a warning to all persons driving an auto with greasey, dirty motors and running gear.

It doesn't cost very much to have the motor and running gear cleaned by steam, or a person can clean his motor himself with a cleaning fluid. (DO NOT USE GASOLINE!)

October 2, Box 15, at 5:30 a. m., bus fire; companies 1, 2, 4 responded.

October 4, Box 54, at 5:35 p. m. (FALSE); companies 1, 2, 4 responded.

October 10, Box 15, at 2:51 a. m., fire; companies 1, 2, 4, 6 responded.

October 11, Box 624, at 11:15 a. m. (FALSE); companies 1, 2, 6 responded.

October 11, Box 16, at 5:20 p. m. (FALSE); companies 1, 2, 4 responded.

October 12, Box 12, at 9:40 a. m. (FALSE); companies 1, 2, 4 responded.

October 13, Box 31, at 2 p. m., grass fire; companies 1, 2, 6 responded.

October 23, Box 15, at 7:06 a. m., bus fire; companies 1, 2, 4 responded.

We are still trying to cut the average of false alarms. We of the fire department expect to have false alarms once in a while. All cities the size of Daly City and larger have false alarms but they have a better average than we do.

We may say here that we are grateful that no false alarms were turned in Hallowe'en — San Francisco had 41 false alarms that night.

While one of the hook and ladder trucks was responding to a false alarm it collided with a No. 31 street car at 26th avenue and Balboa. Four firemen were injured and taken to the hospital. The motorman of the street car was sighted for neglect of right-of-way of an emergency vehicle.

The person who pulled that false alarm didn't know the accident would occur and injure four firemen, he just wanted to have some fun. He must be sorry now though.

Here is the ninth installment of the check list provided by the Daly City Fire Department, to insure you of a safe home, a home safe from the fire menace.

THE ATTIC

48. Do not accumulate rubbish and litter in attic. Remove matches from clothing.

49. Install a safe light. Do not use matches or open flame light.

50. Do not store inflammable liquids, turpentine, paints or lacquers.

OTHER SPOTS TO CHECK

51. Keep roof in good condition to guard against spark fires.

52. Chimneys should extend above highest part of roof and be solidly constructed with flue linings of fire clay or other approved materials.

53. Keep heating plant and chimney clean and in good repair so they will not throw off sparks.

Why Warn Him???

Captain Fred Mather of Co. 4 was sitting with his wife behind a palm on a Florida hotel veranda one night when a young couple sat down on a bench near them. The young man began to tell the girl how pretty and good and loveable he thought she was.

Hidden behind the palms, Mrs. Mather whispered to her husband, "Oh, Fred, he doesn't know we're here and he's going to propose. Whistle to warn him."

"What for?" said Fred. "Nobody whistled to warn me."

Watch This Hazard

"Many pedestrians are killed yearly while walking along rural highways at night," warns Bert Stewart jr., public safety director for National Automobile Club. "The unwariness of the walker on the darkened road is a challenge to the motorist to be more wary. A first step is to keep headlamps adjusted to provide a maximum of illumination."

Passenger Car Sales

Passenger car factory sales in the United States increased 18 per cent during the month of September, 1947, reports the National Automobile Club. Sale of 307,879 units during September made this the second highest month in the year.

SUMMONS IN PARTITION

No. 43245

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

MARITA R. JENNINGS, Plaintiff, vs. WELLS FARGO BANK & UNION TRUST CO., as trustee of the trust created by the decree of distribution in the matter of the estate of John Arthur Drinkhouse, also known as John A. Drinkhouse, also known as J. A. Drinkhouse, deceased, JOHN FREDERIC WILLCOX, MARIE LOUISE PHILLIPS, MARIE L. WILLCOX, JOHN DAVID WILLCOX, MARIE ELIZABETH WILLCOX, FRED ROY DRINKHOUSE, W. J. KIRKPATRICK, RAUER'S COLLECTION CO. INC., a corporation, LOUIS SPENCER, doing business as Spencer Collection Service, STATE OF CALIFORNIA, FIRST DOE, SECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, and also all persons unknown who have or claim any interest in or lien upon the real property herein below described, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

WELLS FARGO BANK & UNION TRUST CO., as trustee of the trust created by the decree of distribution in the matter of the estate of John Arthur Drinkhouse, also known as John A. Drinkhouse, also known as J. A. Drinkhouse, deceased, JOHN FREDERIC WILLCOX, MARIE LOUISE PHILLIPS, MARIE L. WILLCOX, JOHN DAVID WILLCOX, MARIE ELIZABETH WILLCOX, FRED ROY DRINKHOUSE, W. J. KIRKPATRICK, RAUER'S COLLECTION CO. INC., a corporation, LOUIS SPENCER, doing business as Spencer Collection Service, STATE OF CALIFORNIA, FIRST DOE, SECSECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, and also all persons unknown who have or claim any interest in or lien upon the real property herein below described, and to all persons claiming any interest in, or lien upon, the property herein described, or any part thereof, Defendants.

YOU ARE HEREBY DIRECTED to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after the service on you of this summons — if served within this County, or within thirty days if served elsewhere.

The said action is brought to obtain a judgment and decree of partition of the following described real property:

PARCEL I

All that certain real property situate in the County of San Mateo, State of California, described as follows, to wit:

BEGINNING at a point in San Francisco Bay, 30 chains East and 20 chains South of a granite monument set on the northerly line of Section 15 in Township 3 South, Range 5 West and 30 chains West of the northeast corner of Section 15; thence along the West line of Section 14, South 20 chains; thence East 20 chains; thence North 20 chains; thence West 20 chains to the point of beginning.

Being Tide Land Lots 9 and 10 in Section 14 of said Township 3 and containing 40 acres, as shown on Map No. 1 of Salt Marsh and Tide Lands.

PARCEL II

All that certain real property situate in the City of Atherton, County of San Mateo, State of California, described as follows, to wit:

Lots 44 and 49, as designated on the map entitled "MAP OF THE SUBDIVISION OF THE POLHEMUS TRACT IN THE RANCHO DE LAS PULGAS NEAR MENLO PARK AND LELAND STANFORD UNIVERSITY," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on August 29, 1891 in Book "C" of Maps at page 64 and a copy entered in Book 2 of Maps at page 35.

EXCEPTING THEREFROM that certain triangular piece of land in the northeasterly corner of Lot 44, deeded by J. A. Drinkhouse to Peninsular Railroad Company, a corporation, by Deed recorded September 23, 1907, in Book 141 of Deeds at page 149, Records of San Mateo County.

PARCEL III

All that certain real property situate in the County of Kings, State of California, described as follows, to wit:

The Northeast Quarter of the Southwest Quarter (NE ¼ of SW ¼); the Southeast Quarter of the Northwest Quarter (SE ¼ of NW ¼); the Southwest Quarter of the Northeast Quarter (SW ¼ of NE ¼); and, the Northwest Quarter of the Southeast Quarter (NW ¼ of SE ¼), all in Section 20, Township 20 South, Range 19 East, Mount Diablo Base and Meridian, in the County of Kings, State of California.

PARCEL IV

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Van Dyke Avenue (formerly Twenty-second Avenue South) and the southeasterly line of Griffith Street (formerly "G" Street South); running thence northeasterly along said line of Griffith Street 200 feet to the southwesterly line of Underwood Avenue (formerly Twenty-first Avenue South); thence at a right angle southeasterly along said line of Underwood Avenue 300 feet; thence at a right angle southwesterly 200 feet to the northeasterly line of Van Dyke Avenue; thence at a right angle northwesterly thereon 300 feet to the point of beginning.

Being lots numbered 9 to 20 inclusive, in TIDE LAND BLOCK NO. 427.

PARCEL V

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Hollister Avenue (formerly Thirty-second Avenue South) and the southeasterly line of Coleman Street (formerly "C" Street South); running thence northeasterly along said line of Coleman Street 200 feet to the southwesterly line of Gilman Avenue (formerly Thirty-first Avenue South); thence at a right angle southeasterly along said line of Gilman Avenue 600 feet to the northwesterly line of Boalt Street (formerly "B" Street South); thence at a right angle southwesterly along said line of Boalt Street 200 feet to the northeasterly line of Hollister Avenue; thence at a right angle northwesterly thereon 600 feet to the point of beginning.

Being all of TIDE LAND BLOCK NO. 848.

PARCEL VI

All that certain real property situate in the County of Yuba, State of California, described as follows, to wit:

The East Half of the Northwest Quarter (E ½ of NW ¼) of Section 23, Township 17 North, Range 5 East, Mount Diablo Base and Meridian.

Also for general relief, as will more fully appear in the complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will apply to the Court for the relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of San Mateo, State of California, this 15 day of May, 1947

NOTICE TO PAY ASSESSMENT HILLSIDE MANOR

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of law governing said matter, the assessment in the improvement project in the City of Daly City, under Resolution of Intention No. 1947-2, was recorded in the office of the Superintendent of Streets on the sixth day of October, 1947; that all sums assessed therein are due and payable immediately; that the payment of said sums is to be made to the Superintendent of Streets, City Hall, Daly City, California, within sixty (60) days after the sixth day of October, 1947, and if not paid within sixty (60) days, serial bonds will be issued to cover the amount of unpaid assessments pursuant to the Improvement Bond Act of 1915, the last installment of which bonds shall mature nine (9) years from the second day of July next succeeding ten (10) months from their date.

DATED: October 6, 1947.

R. A. KLASSEN
Superintendent of Streets
Daly City, California

(Pub. Oct. 23, 30; Nov. 6, 1947.)

Protein Varies

Protein is found in different forms in different foods. Meat is one of the most popular sources. We get animal protein from poultry, fish, eggs and milk and milk products too. Most plant foods contain some protein. We get good plant protein from such foods as cereals, dried beans and peas, from peanuts and soybeans. Animal protein is more complete than plant protein. That is, it comes nearer filling our needs for tissue building and repair. How much protein do we need? The National Research council's yardstick of good nutrition calls for about 70 grams of protein a day for a man; 60 grams for a woman.

Nutritious Fare

In 1942 the bureau of home economics and human nutrition of the department of agriculture pointed out that dairy foods consumed in this country supplied 78 per cent of all the calcium, 39 per cent of all the phosphorus, 27 per cent of all the fats, 17 per cent of all the food energy, 24 per cent of all the proteins, 27 per cent of all the vitamin A, and 48 per cent of all the riboflavin intake by humans in this country. With the increase in milk consumption since then, those percentages are even higher.

8:15 p. m.— Regular meeting, Colma Vista Grande Aerie No. 1848, FOE, 3346 San Jose avenue.

No. 43855

Action brought in the Superior Court of the State of California in and for the County of San Mateo, and the Complaint filed in the office of the County Clerk of said County and State

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

O. C. BURKHART and GERTRUDE N. BURKHART, his wife Plaintiffs, vs. ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, FIRST DOE, SECOND DOE and THIRD DOE, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, First Doe, Second Doe and Third Doe, also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, DEFENDANTS.

YOU ARE HEREBY DIRECTED to appear and answer the Complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after service on you of this Summons — if served within this County; or within thirty days if served elsewhere.

That said action is brought to obtain a judgment and decree quieting Plaintiffs' title to the following described real property, situated in the County of San Mateo, State of California, and to determine all adverse claims thereon, and particularly described as follows, to wit:

Lots 22, 23 and 24 in Block 32 and Lots 28, 29 and 30 in Block 31, as designated on the map entitled "AMENDED AND SUPPLEMENTAL MAP OF MONTARA SAN MATEO COUNTY CAL.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 16, 1907 in Book 5 of Maps at page 25.

also for general relief, as will fully appear in the Complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiffs will apply to the Court for the relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court at the County of San Mateo, State of California, this 14th day of August, A. D., 1947.

Couple Exchange Wedding Vows

One of the loveliest weddings of the season took place Sunday, October 26, at Our Lady of Perpetual Help church when John Castagnoli took Lorraine Vernazza as his bride. The ceremony was performed by the Reverend Adrian McKenna.

The church was beautifully decorated with tall lighted tapers at each pew in the center aisle. At the base of each taper was a bouquet of white pompons, tied with large white satin bows. The altar had six large bouquets of calla lillies, chrysanthemums, and pompons.

The bride wore a gown of heavy white satin which gathered at the waist and fell into a long train. Her fingertip veil was held in place by a crown of seed pearls and white beads. Her only jewelry was a double strand of pearls. The bride's bouquet consisted of a dozen white orchids, lily of the valley and orange blossoms.

The maid of honor, Miss Jennie Gori, wore a pink moire taffetta gown, with matching heart-shaped halo hat. Her bouquet was of shaded pink bouvardia surrounded by a ruffle of pink moline and streamers of bouvardia and moline.

The bridesmaids were Angelina Firpo, cousin of the bride, Barbara Siberlich and Mary Perazzo, cousin of the bridegroom. Their gowns were the same as the maid of honor execepting color, which was blue. They wore matching hats and bouquets of blue delphiniums and moline. They all wore tinted pearls, a gift of the bride.

The bride was given in marriage by her brother, Joseph Vernazza. The bestman was the bride's other brother, James Vernazza. Ushers were James Firpo, cousin of the bride, John Lucia, and Leo Perazza, cousin of the bridegroom.

The bride is the daughter of Mrs. Catherine Vernazza, of Westlake avenue. The bridegroom is the son of Mr. and Mrs. Louis Castagnoli of San Francisco.

A reception followed the ceremony for over 400 guests. After cutting their three-tiered wedding cake the couple left on a honeymoon to an undisclosed destination.

The newlyweds plan to reside in San Bruno, where they have purchased a new home.

At Nazarene Church

Frank Tolson, evangelist appearing in Grace Church of the Nazarene November 10 through 16.

EVANGELISTS AT CHURCH OF NAZARENE

Frank and Betty Tolson, evangelists and singers, will hold meetings in Grace Church of the Nazarene, 101 Vista Grande avenue, for one week starting Monday evening, November 10, through Sunday evening, November 16.

Every evening at 7:30 p. m. a program of choruses, special singing, piano solos and messages will be presented.

On Saturday evening, November 15, a youth program will be presented. Young people are invited to attend on that date.

Crocker PTA Schedules Bazaar

Plans were completed for the Crocker PTA bazaar to be held on December 5 in Masonic hall at the association's executive board and sewing meeting held on October 28 in the home of Mrs. Mildred Seiler.

Helpers who represented Crocker school for the chest X-rays taken at Woodrow Wilson school by the Mobile Laboratory Tuesday, November 4, were Mrs. Frances Haussler, president, Mrs. Louise Eliasen and Mrs. Emma D'Isep.

The organization will meet on Wednesday, November 12 .The school is holding an open house for parents in conjunction with Education Week.

Jefferson Union PTA Activities

Mrs. Stanford Hannah, 28 Cavour street, with co-hostesses, Mrs. Anne Ingersoll and Mrs. Lily Cavagnaro, entertained the members of the Jefferson Union High School PTA executive board at luncheon on Thursday.

The regular meeting of the PTA will be held in the Little Theatre of the high school November 13 at 2 p. m. The Teachers' Tea will immediately follow the meeting.

On November 20 the 17th District meeting will be held in the auditorium of Jefferson Union High school. Registration starts at 10 a. m. There will be a luncheon served in the cafeteria.

All members interested in attending the luncheon are requested to call Mrs. Eve Hobbs, president, at JUniper 7-9792 to make reservations as soon as possible. Mrs. Nancy Turner, State music director, will attend the meeting where eighteen Mother Singers from Daly City will entertain the members.

The bazaar will be held November 21 in Masonic hall from 10 a. m. to 5 p. m. where the needlework made by the Nimble Thimble Club will be displayed.

. Mrs. Eve Hobbs, chairman, reports a large number of children attended the Hallowe'en party in the high school cafeteria on Friday night. The children entertained with songs and dances, costumes were displayed, and refreshments were served at the close of the evening.

The Incidence of Rabies

A report for 1945 gives the number of rabies cases in the United States as 10,540, nearly half of which occurred in six states: Louisiana, 996; Texas, 950; California, 914; Pennsylvania, 904; Georgia, 619; Tennessee, 505. With the exception of 2 cases reported in Minnesota, the whole Northwest as far as the Pacific coast was rabies-free. Most of the cases were in dogs, but there were 53 human cases, 561 in cattle and 419 in cats, plus an unstated number in other farm animals and wildlife.

Notice to Contractors

(Advertisement)

1. NOTICE IS HEREBY GIVEN that the Jefferson Union High School District of Daly City, California, will receive bids for the furnishing of all labor, materials, transportation and service for the erection and construction of two shop buildings at the Jefferson Union High School site, 6996 Mission Street, Daly City 25, California.
2. Each bid to be in accordance with the plans and specifications now on file with Richard M. Bates, Jr., Architect, 44 McLea Court, San Francisco 3, California, where same may be examined and copies obtained upon deposit of $25.00 per set, which deposit will be refunded upon the return of such copies in good condition within five days after the bids are opened.
3. Each bid shall be made on a form to be obtained at the office of the architect, Richard M. Bates, Jr., 44 McLea Court, San Francisco 3, California, and must be accompanied by a certified or cashier's check or a bid bond for ten percent of the amount bid, made payable to the order of the Board of Trustees of the Jefferson Union High School District, shall be sealed and filed with the Clerk of the Board on or before the 25th day of November, 1947, at 7:30 P.M. and will be opened in public at or about 7:30 P.M. of that day in the office of the District Superintendent, 6996 Mission Street, Daly City, California.
4. The above mentioned check or bond shall be given as a guarantee that the bidder will enter into a contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested to do so by the Board of Trustees of the Jefferson Union High School District.
5. The successful bidder will be required to furnish a labor and material bond in an amount equal to 50% of the contract price and a faithful performance bond in an amount equal to 100% of the contract price, said bonds to be secured from a surety company satisfactory to the Board of Trustees of the Jefferson Union High School District.
6. The successful bidder will be required to conform with the rates of per diem wages and rates for legal holidays and overtime work prevailing in San Mateo County.
7. The General Contractor and his subcontractors shall favor the employment of local labor when available.
8. All other trades not hereinabove mentioned to receive wage prescribed for that particular craft or type of workman.
9. All labor to receive time and one-half for overtime, double time on holidays, unless otherwise specified. The hourly wage prescribed hereinabove is the per diem rate divided by the aforementioned number of hours constituting a working day.
10. Any person making a bid or offer to perform the work, shall, in his bid or offer, set forth the name and the location of the mill, shop or office of each subcontractor who will perform work or labor or render service to the contractor in or about the construction of the work or improvement and the portion of the work which will be done by each subcontractor.
11. If a contractor fails to specify a subcontractor for any portion of the work to be performed under the contract, he shall be deemed to have agreed to perform such portion himself, and he shall not be permitted to subcontract that portion of the work except under conditions hereinafter set forth.
12. No contractor whose bid is accepted shall, without the consent of the awarding authority, either:
    (a) Substitute any person as subcontractor in place of the subcontractor designated in the original bid or
    (b) Permit any subcontract to be assigned or transferred or allow it to be performed by anyone other than the original subcontractor, or
    (c) Sublet or subcontract any portion of the work as to which his original bid did not designate a subcontractor.
13. Subletting or subcontracting of any portion of the work as to which no subcontractor was designated in the original bid shall only be permitted in cases of public emergency or necessity, and then only after a finding reduced to writing as a public record of the awarding authority setting forth the facts constituting such emergency or necessity.
14. The Board of Trustees of the Jefferson Union High School District reserves the right to reject any and all bids and/or waive any irregularity in any bid received. Unless otherwise required by law, no bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Vets May Apply For Homesteads

Complete information and application forms to be used by veterans of World War II in applying for 44 homestead units which have been opened to settlement in the Tule Lake area near the California-Oregon border are now available at the Veterans Service Office in the Courthouse at Redwood City, Floyd D. Granger, Veterans Service Officer, announced today.

The homesteads comprise 3,500 acres of level sandy loam located in the former bed of Tule Lake. The units, ranging from 70 to 110 acres, have been under cultivation on a lease basis and are ready to raise crops during 1948 with no preparation except the usual discing and seeding.

Interested veterans will be assisted free of charge at the local office, located at the Courthouse in Redwood City, in completing the rather extensive forms required in entering the competition for these valuable farm units. The homesteads will be awarded by means of a public drawing among all applicants who meet certain minimum requirements.

Applications may be submitted to the U. S. Bureau of Reclamation in Klamath Falls, Oregon, at any time prior to 2 p. m. January 20, 1948. Officials of the federal agency are urging that the forms be filed as soon as possible, however, to avoid a last minute burden of checking which may delay award of the farms until after the start of the spring planting season.

World War II veterans are given an absolute preference for the first 90 days of the homestead opening, Granger explained. This in effect limits the awards to former servicemen since the Bureau of Reclamation anticipates far more qualified applications than there are available farms.

Minimum requirements which all applicants must meet include two years of full time farm experience since 1932, references as to character and industry, and unencumbered assets in cash, real estate or personal property totaling at least $2,000 in value.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF ALAMEDA.

In the Matter of the Estate of GRACE L. STAUFFER, Deceased.

NOTICE OF SALE OF REAL PROPERTY

Notice is hereby given that the undersigned, DON K. STAUFFER, Administrator of the Estate of Grace L. Stauffer, Deceased, will on or after the 7th day of November, 1947, sell at private sale to the highest bidder, on the terms and conditions hereinafter mentioned and subject to confirmation by the above Superior Court, all the right, title, interest and estate of the said Grace L. Stauffer at the time of her death in and to that certain parcel of land situate in the County of San Mateo, State of California, and described as follows, to wit:

All that certain lot, piece or parcel of land, situate, lying and being in the County of San Mateo, State of California, and bounded and described as follows, to wit:

LOT No. 22, in Block No. 303 as the same is laid down and delineated on that certain map entitled "Map of Highlands of Emerald Lake, Subdivision Number 3, San Mateo County, California," filed in the office of the County Recorder of San Mateo County, November 15, 1926, and recorded in volume 14 of Maps at pages 47, 48, 49 and 50.

Terms and Conditions of Sale: Cash, in lawful money of the United States of America, 10% of the sale price to be paid upon acceptance of the offer and the balance to be paid on confirmation of said sale by the Court.

All bids and offers must be in writing and may be delivered to the undersigned administrator personally, or left at the office of his attorney, Earle C. Browne, Esq., 369 Pine Street, San Francisco, 4, California, or may be filed in the office of the Clerk of said Court above named at any time after the first publication of this notice and before the making of said sale.

Dated: October 17, 1947.
DON K. STAUFFER,
Administrator.
EARLE C. BROWNE, attorney for the Administrator, 369 Pine Street, San Francisco, 4, California.
(Pub. Oct. 23, 30; Nov. 6, 1947.)

Young Byrnes Have Baby

Mr. and Mrs. Robert Byrne, of 6241 Mission street, are the proud parents of a baby girl named Olivia born on Wednesday, October 29, in St. Joseph's hospital, San Francisco. Olivia, who tipped the scales at 6 pounds 13½ ounces, was born at 12:07 a. m.

The Byrnes have one other child, Katherine Mary, 1½, who was born in England. Mrs. Byrne is the former Eileen Scora of England.

Paternal grandparents are Mr. and Mrs. Ed Byrne of Byrne Radio Store. Maternal grandparent is Mr. J. H. Scora of England.

Stainless Steel

Stainless steel will wear better than aluminum of the same weight and thickness. It doesn't darken as aluminum does when alkaline foods are cooked in it. But once it's darkened—by overheating or scorching—it cannot be brightened as aluminum can. Aluminum also has the advantage of spreading the heat more evenly.

Nuptial Knot Tied November 2

United in marriage on Sunday, November 2, were Miss Marjorie Adair Schreiber, daughter of Mr. and Mrs. Dean Schreiber, 33 Knowles avenue, and Warren F. McHugh, son of Mr. and Mrs. John McHugh, 774 Bellevue avenue. The single ring ceremony performed by Father William Stewart at Our Lady of Perpetual Help church was held at 7 o'clock in the evening. The altar was banked in lillies and chrysanthemums.

Marjorie wore a slipper satin gown in traditional white. It was cut simply with a basque bodice, low pointed neckline, full skirt, and long sleeves with tapered cuffs. A pearl crown held her long lace and satin inset veil in place. She carried a bouquet of white spider chrysanthemums, bouvardia and a lavendar orchid.

Gowned in pink faille dresses were all three attendants, Kathleen Schreiber, maid of honor, Nancy and Janet Schreiber, bridesmaids. All are sisters of the bride. Kathleen's dress was designed with a low neck, fitted bodice, and full skirt. All carried bouquets of blue delphiniums.

Bestman duties were performed by George Cordellos. Ushers were Nilo Simonini and Frank Cohen. George Schreiber, brother of the bride, was altar boy.

A reception followed the ceremony at the Schreiber residence, 33 Knowles avenue. One hundred and fifty guests were present to watch the couple cut their ornate four-tier wedding cake, which was made by Mrs. Schreiber, and decorated by Mrs. William Mueller, of Sacramento.

Following a honeymoon in southern California the couple will reside in their newly furnished apartment on Leavenworth street, in San Francisco.

Mother-in-Law Tongue

The merit of both the Sansevieria, known also as bowstring hemp or mother-in-law's tongue, and the Aspidistra, called cast-iron plant, lies in their withstanding adverse conditions, but they are not among the best house plants.

Luiz-Mosman Nuptials Held Saturday, Nov. 1

At 7 o'clock Saturday evening, November 1, Miss Evelyn Luiz and John Mosman repeated vows that made them "Mr. and Mrs." in Our Lady of Perpetual Help church. The double ring ceremony was performed by Father Adrian McKenna before an altar banked with white calla lillies and white chrysanthemums.

The bride was charming in a simply cut white satin gown fashioned with long sleeves and long train. Her finger-tip veil trimmed with lace was simply arranged at her head with a crown of orange blossoms. She carried a prayer book topped with two white orchids and streamers of bouvardia.

The bride's sister, Eleanor Luiz, who was the maid of honor, was in aqua moire taffeta dress fashioned with round neckline, cap sleeves, and train. Wearing an identical dress was Marilyn Mosman, bridesmaid. Both girls wore long gloves matching their ensemble. They wore sweetheart-shaped net hats and carried old-fashioned bouquets of yellow snapdragons trimmed with yellow satin ribbon.

Bestman duties were performed by Andrew Parodi. Seating the guests was Bill LaHaye. Both were in tuxedoes.

The reception hall at the Teen-Age center was capably decorated by Mr. John Parodi. Some 200 guests gathered at the hall to watch the couple cut their ornate five-tier wedding cake and partake of buffet refreshments.

The bride, daughter of Mr. and Mrs. M. G. Luiz, Hanford, California, is a surgical nurse at St. Joseph's hospital. The groom, son of Mr. and Mrs. Jack Mosman, 232 Hillcrest drive, Daly City, is engineer for Ward Harris Ediphone company in San Francisco.

Brought Swine to Canada

The Portuguese are known to have introduced swine into Nova Scotia and Newfoundland as early as 1553.

San Mateo Jaysee Notes

Steady practice is the order of the day for the San Mateo Junior College students who will present the term play "Holliday" by Philip Barry this month. Included in the cast are students from the whole county, including Gwen Dam from Millbrae, Harry Uhlenberg from Redwood City, Jean Hillman from South San Francisco, and Bill Weir from San Bruno.

San Mateo jaysee students have been naming representatives to several large conferences. Five students recently attended the western conference of the National Students Association at Stanford, several attended the meeting of the World Student Service Fund group at Marin junior college, and three will attend a meeting of the California Junior College Student Government group in San Francisco.

Professor Paul Kirkpatrick, head of the Stanford University physics department, will lecture at a dinner meeting of the college Engineers Club November 13.

Saturday afternoon at 2 o'clock San Mateo will play Menlo jaysee in conference football on the Burlingame High School field. Menlo is having a good season, while San Mateo has been edged out of every game played to date. Last Saturday evening at Salinas, San Mateo led 7-6 until the last 15 seconds when Salinas completed a pass and won out 12-7.

Pressure Saucepan

The pressure saucepan cooks meats and vegetables at a temperature several degrees higher than boiling. This saves time and fuel cost. Only a small amount of water is used, so the loss of water-soluble vitamins and minerals is reduced to the minimum. Color and flavor are also conserved.

A Real Regal Dessert

By Frances Lee Barton

HOT weather calls for frozen desserts — sherbets, ice creams, or perhaps a delicious mousse for a change. Here's a recipe that may be followed by using only the common foods found anytime in any well-equipped home. And what a dessert for the children or dad! Try it once and see what I mean.

Regal Chocolate Mousse

3 squares unsweetened chocolate; ½ cup water; ¾ cup sugar; ⅛ teaspoon salt; 3 egg yolks, well beaten; 1 teaspoon vanilla; 2 cups cream, whipped.

Combine chocolate and water in saucepan. Bring to a boil over low heat, stirring vigorously until blended. Add sugar and salt and simmer 3 minutes, stirring constantly. Pour slowly over egg yolks, stirring well. Cool. Add vanilla and fold in whipped cream. Turn into freezing tray of automatic refrigerator, set control for coldest freezing temperature, and freeze 3 to 4 hours. Makes 8 to 10 servings

Good Potatoes

Best potatoes are firm and clean, have shallow eyes, are free of cuts, decay or green spots. The type of potato selected should depend on intended use. Mealy, flaky varieties are good for baking and mashing. Waxy varieties hold their shape and are best for salads and for creaming.

Remove Leaves

Leaves of rhubarb must never be eaten because they contain harmful substances that have been known to cause death when eaten. Remove the leaves and use only the stalks.

Check Wiring First

"Motorists have spent considerable money in buying new bulbs and putting them into the sockets before checking for the trouble," points out L. G. Evans, general service manager for National Automobile Club. "It always means more bulbs. When one burns up brightly and then burns out, the source of the trouble most likely is a loose connection. Starting with the battery terminals, a check of the various connections will quickly disclose which is responsible.

Fish Net with Arm Holes

For arctic wear, to keep out the bitter cold, the regular army has adopted a string vest devised by Norwegian fishermen to provide an air space between the body and outside clothing. The G.I.s have dubbed it "a fish net with arm holes."

If you want to remodel that spare room or build a new home, we'll help you with sound advice . . . and we'll supply you with the finest materials. . . . Call on us for all types of repair work and alterations.

NEWS FROM THE SCHOOLS

JEFFERSON

High fourth and low fifth graders in Room 7 held an interesting exhibit in their classroom, showing their collections of foreign coins. Many of the children have extensive collections, and were able to tell the denominations and the countries from which the coins came.

The class voted Bradley Vanderburgh's collection outstanding. Bradley recently returned from Germany with his family. His father had been a captain with the U. S. forces.

Frank Bortoli brought various kinds of government issued money used in the war areas. Frank's uncle had told him many interesting stories of this money and how he had obtained it, so Frank was able to give his classmates a lively account concerning his collection.

Angelina Sereni, who brought Italian trinkets and souvenirs as well as Iitalian coins, told the class about her aunt's trip to a number of famous Italian cities.

Children in the fifth and sixth grades in Room 3 listened to a radio program of the legend of "Moby Dick," by Herman Melville. This tale of adventure was presented through the C.BS.. American School of the Air from 1 to 1:30 p. m.

The story, one of the classics of literature, demonstrating the value of perseverance, was received with eager enjoyment and response by the class.

WOODROW WILSON

The sixth grade is studying the ships used by Christopher Columbus and the early explorers. These frail crafts, in comparison to our present day ocean ships, are of great interest to the students.

In those days it was a common fact that often half of the crew would perish on a voyage. The life of a sailor in the fifteenth century was one of hardship and danger.

Students in the seventh grade are learning the different types of airplanes. There are three types: land planes, the high wing, the low wing, and the mid wing plane. Sketches of each type are being made by the class. They will make a display of pictures of the different types and thus will be able to recognize each.

The fifth grade has been learning about animals which give us wool. In addition to the common gray sheep found in this country there are also astrakhan lamb, angora, and cashmere goats.

Pupils in the high sixth and low seventh grades are studying the English settlements in North America. They have studied the Southern or plantation colonies and are now working on New England colonies.

Boys and girls of the fourth grade saw a collection of slides on the California redwoods. Cutting, sizing, logging and shipping of the redwood lumber was shown and explained. They began to use ink for the first time. From now on, all penmanship lessons will be written in ink. In a short time the spelling lessons and language lessons will also be written in ink.

Students of the high third and low fourth grades have finished their unit on rubber. The fourth grade has been studying the art, sports and games of the California Indians. The class has discussed safety in riding, walking and working.

CROCKER

An interesting and spectacular display of students' work, besides the classroom demonstrations is being planned by the Crocker student body for American Education Week. Wednesday, November 12, has been set aside by the school for visiting day.

Parents and friends are invited to visit the school and classrooms on that day. Each student in the building will have on his or her desk, a folder containing a sample of his or her best work.

The interesting hall displays in previous years as well as the classroom demonstrations and displays have always brought favorable comment.

The student body feels confident this year's display, with particular emphasis on the fundamentals as well as the cultural subjects, will not pass unnoticed.

Room 2 — Donald Curry transferred to Woodrow Wilson school Friday, October 24.

Room 4 — Clair Curry transferred to L17 Woodrow Wilson school. The following students spent week ends out of town:

Pauline O'Connor went to Sharp Park and Rockaway Beach; Nickie Hitchener to Doon's Beach and Halfmoon Bay; Robert Stone spent the day at San Carlos; Lonald Pike in Santa Cruz, and Charles Chambers in San Jose.

William Valentino, Alfred Perry and Jimmy Herman took part in the Navy Day parade.

Room 6 — L-8 viewed slides and stereographs in connection with their social science unit, Travel by Air. Jack Cochrane and Lanny Adami have completed a chart showing the progress of airplanes. The pictures were drawn and colored by the boys.

Two teams have been chosen to compete in baseball spelling games. Don Wilson and John Martino are team captains.

Arnaudo's Give Anniversary Party

Mr. and Mrs. Al Arnaudo, 445 Vista Grande avenue, entertained Mr. and Mrs. A. Neilson of San Francisco on their second wedding anniversary, October 25. Other guests were Mr. and Mrs. Joe Lewkowitz, Mrs. H. Tabarez, and Miss Irene Maloney.

OFF THE BLOTTER - - -

Five Daly City juveniles who had engaged in mass car burglaries were apprehended last week by the local police.

Three of the boys were turned over to county juvenile authorities and two were let out on probation to their parents after questioning brought forth confessions from the group.

The property of Mrs. Shreve, 772 Templeton avenue, a camera and miscellaneous items; of Earl Johnson, 724 Templeton avenue, a camera, two fur vests; and of Bob Nowak, 730 Templeton avenue, a hydraulic jack and two wrenches was all recovered and returned to the owners.

Slot machines, music box, and mechanical crane machines installed in the back of Molloy's tavern on Old Mission road, Colma, were rifled Tuesday night by three men who drove a 1940 four-door maroon Buick sedan. They also removed an unknown amount of money from a drawer.

Gilbert and Virginia Mazer of San Mateo were struck by the car of Howard Willcox, 347 Woodrow street, when he allegedly drove through a safety zone on November 4.

Keep Windshields Clean

Keep your windshield clean and your windshield wiper in good condition, advises the public safety department of National Automobile Club. These two simple practices will greatly decrease the hazards of driving in the rain.

New Arrivals

Foley Returns From SS Meet

Edward J. Foley, manager of the San Mateo social security office, returned Thursday from a three-day conference at Coronado of social security administrators and managers in the San Francisco and Denver regions. The joint conference of 60 managers from these two western regions reviewed the operations of the past year and planned for the future.

"The particular value I received from the conference," said Foley, "was that with the growth of the old age and survivors insurance program we find most persons receiving retirement and survivor payments have sufficient other resources of savings and the like to get along.

Interviews with many persons throughout the country show that about three-fourths of the beneficiaries have sufficient resources and income with social security payments to live independently. As the system expands it will mean greater security and independence for more and more of the retired or bereaved.

The San Mateo office is at 22 North B street, and is open from 9 to 5 daily, Monday through Friday.

Marriage Licenses

Charles Hutton, 40, 518 42nd avenue, and Edna Smith, 24, 771 Brunswick street.

Alfred Bisordi, 20, 3256 Pierce street, and Alma Pieretti, 18, Daly City.

William Halliday, 19, Daly City, and Joan Ramsey, 18, 2370 Pine street.

Stewart Steele, 30, Colma, and Irena Steele, 29, 203 Prospect avenue.

Alfred Hooper, 36, and Mary Dorton, 27, both of Colma.

Women's Civic Club Meets

Daly City Women's Civic Club will meet in the home of Mrs. Drew Eason, president, 924 Hanover street, on November 20.

Last meeting of the organization held on October 29 was devoted to the discussion of a Well - Baby Clinic which is needed at the north end of the city.

Women of the organization agreed if a doctor were hired, they would be willing to take over any needed assistance.

Mothers Club At Coyote Point

San Mateo Junior College Mothers Club will hold its regular meeting on Thursday, November 6, at the Coyote Point campus of the school. Mrs. George Bruns will preside and the meeting will be called to order promptly at 2 p. m.

Dr. Stanley Sharpe, one of the new instructors, formerly a teacher at Stanford University, will be the speaker, taking as his subject "College Advantages and Opportunities." Frederick Roehr's music department will furnish the musical program.

Plans are being made by the club for the benefit program to be given on December 4. Miss Ada Beveridge of the college faculty will read the play "Dear Octopus." Members and friends are asked to keep this date in mind. It will be the regular meeting day of the unit but the benefit reading will be held in the Baldwin Street auditorium.

Tickets may be secured from Mrs. Lee Bissett, chairman, or any member of her committee.

If the weather permits, a tour will be made of the campus at this coming meeting; student guides will conduct the tour.

Brownie Troop 7 Fly-up

A Fly-up of five Brownies from Troop 7 was held Wednesday, October 29, at Firehouse No. 4 on Peoria street. Chairman of the day was Arlene Pool, Troop 14, who announced the program. After the pledge of allegiance and singing of the Star-Spangled Banner the Brownies repeated their Promise and sang their Smile Song for the last time with the fly-ups.

In the Fly-up ceremony the Wings, denoting at least a year's membership in the Brownies, were pinned on the girls by Mrs. Dorothy Kramer, leader of Brownie Troop 7, Mrs. Wanda Michelson, co-leader, and Mrs. Agnes Shreve, camp stamp chairman.

Welcomed into Scout Troop 5 by Mrs. Edna Mullen, leader, were Janet English, Sharon Hancock, Gladys Khinoo and Dolores Rodriguez. Margaret Runge, who flew up into Scout Troop 14, was greeted by Mrs. Marie Pool, leader, and Mrs. Louise Eliasen, co-leader. Scouts and Brownies from all three troups, 5, 7 and 14, were present.

The meeting place was gaily decorated by Scout Troop 5 with Hallowe'en witches, pumpkins and festoons of orange and black streamers. A committee of two girls from each troop were hostesses for the day and took charge of planning and serving the refreshments of Koolaid and doughnuts.

Hallowe'en candy was donated by Margaret Runge's mother and the mothers of the other fly-ups donated doughnuts. Scout Troop 14 decorated the table and Brownie Troop 7 decorated the napkins.

In charge of the pumpkin bean bag contest was Jacqueline Mullen. Judy Dunn and Sally Engstrom planned the doughnut-on-a-string eating contest.

Sins of Omission

In publishing the photograph of the Christiansen-Picerno nuptials in the RECORD on October 30, the name of the florist furnishing bouquets was omitted. Flowers were furnished by Orlando Poletti of Geneva Florist, 910 Geneva avenue.

Martinos Now In Redwood City

Mr. and Mrs. Lawrence Martino and children, Lee and Johnny, formerly of this city, are extending an invitation to friends to call on them in their new home, 336 Orchard avenue, Redwood City. They are former owners of the grocery store at 101 Acton street.

Careful Driving In Wet Weather Urged By Assn.

Hold down your speed in winter driving. "Take It Easy" during the coming winter months when the traffic accidents reach a peak. These notes of caution are sounded by the public safety department of the California State Automobile Association as a reminder to motorists to be careful during the rainy season when wet pavement and low visibility combine to increase hazards.

To prevent dangerous skidding, speed should be held down to a point where the car can be stopped without sudden and hard application of the brakes.

Start slowly, accelerate slowly and stop slowly.

If a skid starts, turn the wheel in the direction of the skid and apply the brakes gently and intermittently. Intermitten braking prevents the locking of wheels, which would increase the skid.

Turn corners slowly and avoid quick turns of the steering wheel.

Give arm signals correctly and in ample time to warn other motorists. Remember that if you are handicapped by low visibility, other drivers are equally handicapped and may not see your signal unless it is given soon enough.

Elks To Initiate New Members Friday Evening

Next Friday evening, November 7, a large class of candidates will be initiated into San Francisco lodge of Elks, at the B.P.O.E. clubhouse. The initiatory exercises will be conducted by the local lodge officers, headed by Exalted Ruler George Baader. Preceding the ritualistic meeting, a stag dinner party will be held in the Elks' dining hall. A buffet supper will follow the initiatory program.

Samuel Markel heads the San Francisco Elks' arrangements committee for their traditional Armistice Day inter-group party, show and program with Zane-Irwin post, No. 93, American Legion, and meeting, Friday evening, November 14, at the Elks' Club.

SURE OUR CLEANING IS LOUSY

We don't know any place where it's better though. If you think your last cleaning job wasn't hot, try us and see what you get.

Chances are you'll get your cleaning back the day and hour you want it.

We might even sew the lining in your coat after it's been hand finished. That loose button on your suit might be sewn on too and replaced if you need one.

And if you are real nice we will bag your garment so folks won't see the terrible press job we gave you.

Sure you can have your cleaning in one day --- same work as regular 4-day service.

Livestock Show Was Big Event In San Francisco

The third Grand National Livestock Exposition, Horse Show and Rodeo opened last week.

The gates swung wide at 8 a. m. for the initial day of judging the blue-blooded livestock from 16 western and midwestern states.

The big push of the daytime program came at 2 p. m. when thousands of families, with their children, stormed the gates for the special opening matinee pointed toward the youngsters.

But the glitter and pomp came Sunday with the formal opening against a background of white shirt fronts and brilliant evening gowns of California society, the ten-gallon Stetsons and tan serges of the stockmen in the boxes, the wildly cheering rodeo fans and applauding lovers of fine horseflesh in the other 10,000 seats.

Magnet for thousands of city and country folk who poured into the great structure's indoor stadium was a superb arena show in which an international championship rodeo, national horse show, circus acts and tanbark specialties were skillfully joined in a blend of surpassing entertainment.

Around the huge arena building itself in the three new steel and concrete barns, more than 3,500 prize beef and dairy cattle, sheep and hogs, curreyed and curled, played host to huge throngs of preshow visitors.

The formal opening got under way promptly at 8 p. m. with a flourish of trumpets from Ralph Murray's Exposition band and the Presentation of the Colors by the San Francisco Mounted Sheriff's Posse. A full blooded Indian in feathered regalia galloped in with the colors and the huge audience arose for the Star-Spangled Banner.

Governor Earl Warren spoke a brief few words of greeting and the show was on. There were no opening ceremonies, no other speeches. The first class of jumpers burst into the arena and started over the hurdles.

From that point the show sped almost too fast to follow — bronco busters on snorting steeds and raging Brahma bulls, elite hore show events with blooded animals and leaders of society, the famous Ostermaier Horse spectacle; La Tosca, Queen of the Bounding Rope; the California Centaurs, hard riding 'teen-agers; Slim Pickens and Elmer Holcomb, rodeo clowns daring death to save fallen cowboys from being gored by vicious Brahma bulls. All this and more in a program streamlined to three hours.

It was a grand and glorious show, a show that more than redeemed the promise of Nion R. Tucker, president of No. 1-A District Agricultural Association, sponsors of the Grand National, that this year's show would be "greater than ever."

Had Been Drinking

The State Motor Vehicle Department reports that "had been drinking" accounted for more than 10,000 traffic accidents in California last year. In 668 of these accidents one or more persons were killed. Personal injuries were sustained in the rest of them. If you drink, don't drive, urges the California State Automobile Association on behalf of traffic safety.

Pharmacist's Public Health Role Cited at U.C.

The pharmacist, by acting as a watchdog over the health of his patrons, constitutes a major link between medical advances and their application to sick people.

This is the opinion of Dr. Troy C. Daniels, dean of the College of Pharmacy at the University of California Medical Center, in an article in the Pacific Drug Review.

Dr. Daniels stated that recent statistics show 140 million people visit drug stores each week in the U. S., a large percentage of whom are seeking remedies for illness of one sort or another.

Dr. Daniels said that the pharmacist must serve as a source of public health information and be prepared to guide his patrons on general health matters.

Urging obviously sick patrons to seek prompt medical attention is often instrumental in preventing death or mitigating the effects of such illness as gastric and skin cancer, heart disease, infectious diseases, diabetes, and appendicitis, Dr. Daniels added.

A Hazard Removed

In turning around on a rural road there is one preventive step against getting stuck, states the National Automobile Club. That involves seeing that, if one pair of wheels must get off the pavement, the front two are selected. They have nothing to do with driving the car, and if they should get stuck, the rear wheels usually can pull them out.

Livestock Exposition

Third Annual Grand National Livestock Exposition is being held at San Francisco's Cow Palace November 1-9, reports the National Automobile Club. Sponsored by 1-A District Agricultural Association, this is an event of national import.

Exercises Mark Anniversary Of Admiral's Death

Religious, memorial and patriotic exercises marking the fifth anniversary of the heroic death of Admiral Daniel J. Callaghan, San Francisco - Oakland outstanding figure of World War II, on the bridge of the U. S. Cruiser San Francisco in Sava Seas on November 13, 1942, will be conducted by Admiral Daniel J. Callaghan post, No. 590, American Legion, Thursday, November 13, according to Chairman Milton Stansky, junior past commander of the post and World War II veteran. Admiral Callaghan commanded a victorious task force that defeated a greatly superior Japanese fleet in the first year of the Jap war, definitely turning the naval and aerial tide of battle in favor of the United States. In the Sava Seas battle, Admiral Callaghan was killed in action while directing the victorious attack on the bridge of the Cruiser San Francisco.

Cooperation of the Admiral Callaghan units of the Ancient Order of Hibernians has been promised the November 13 fete by National Director Jeremiah J. Mulvihill and Nationaly Organizer George R. Reilly of the Hibernians, and Vice Supreme Master Thomas F. Duffy of the fourth degree, Knights of Columbus.

Salmon Running

Salmon are running in the American and Consumnes rivers, Sacramento county, reports the National Automobile Club.

Less Alcoholism Among Veterans

The percentage of alcoholism among veterans is proportionately much less than in the population at large, Dr. Sam Futterman, chief psychiatrist with the Veterans Administration here, told a session of the Institute on Alcoholic Studies on the U.C.L.A. campus held under auspices of University Extension and the Los Angeles County Board of Supervisors.

"Usually if a veteran has been honorably discharged his alcoholism is part of a symptom picture of a generalized neurotic personal disturbance which, if immediately treated psychiatrically, can be helped," Dr. Futterman says. "At our mental hygiene clinic, however, there is no such thing as 'inflicting' a cure. There has to be cooperative enterprise between the veteran patient and the psychiatrist. The veteran cannot sit back passively as he would for an injection," the psychiatrist declared.

The three-day institute, second annual conference of its kind to be held on the local campus, drew daily and evening audiences of more than 300 social workers, city and county employees, and other interested participants.

Ducks Plentiful

Ducks are plentiful and feed abundant on the ponds and lakes of Orange county, according to the National Automobile Club.

Racing On Highway

The public highway is no place to engage in automobile racing, warns the safety department of National Automobile Club. Motorists who look on every car that tries to pass as a challenge to a race are endingering their own lives and the lives of others.

Automotive Workers

Over eight million workers in the United States, or one in every seven, are in automobile fields, according to the National Automobile Club.

Thunderstorms Said Neglected By Science

While science has devoted much time and study to such natural phenomena as earthquakes, typhoons, and hurricanes, one of the most common of all — the thunderstorm —has received but little investigation until recently.

So says Dr. R. E. Holzer, professor of geophysics at the University of California at Los Angeles, who, shortly before the war, conducted extensive experiments on such storms near Albuquerque, N. M.

"The thunderstorm is the most spectacular and one of the most significant generators of electrical charges in the atmosphere," he pointed out. "Benjamin Franklin proved thunderstorm electrification to be the same as electrification produced in the laboratory almost two centuries ago — more than half a century before the basic discoveries of electromagnetism.

"In spite of the head start in thunderstorm observations, at the beginning of the twentieth century, electromagnetism had developed into a cornerstone of science and technology while our knowledge of thunderstorms remained extremely meager."

U. C. Doctor Cites Foot Strain Cause

Well over half the foot strain in women appears to be caused by a slight hereditary deformity of the bones of the instep, causing an inturning of the forefoot.

This is a conclusion of Dr. Frances Baker, assistant clinical professor of orthopaedic surgery in the University of California Medical School, in an article in Archives of Physical Medicine.

When this deformity is present, Dr. Baker says, high heels, which put a general strain on the whole posture, cause foot soreness, calluses, bunions, and associated conditions.

The physician says that the remedy for this condition is to wear broad, flat shoes such as wedgies and sandals, provided that secondary changes have not become marked. In such shoes the foot can go where it likes, giving a barefoot effect. On a normal foot high heels may not cause trouble.

There are two types of the hereditary variation. In metatarsus primus varus, the position of the bones causes inturning of the big toe, while in metatarsus varus there is an inturning of the whole forefoot.

Dr. Baker discovered in her study of 207 female patients, that metatarsus varus, which is not always apparent from visual examination, can occur without the more easily diagnosed inturning of the big toe.

U. C. Man Unearths Ancient Fiji Cultures

The first succession of stratified ancient cultures ever unearthed in Outer Oceania has been excavated on the island of Viti Levu, Fiji.

The work was done by Professor Edward W. Gifford, director of the Anthropological Museum on the Berkeley campus of the University of California, who has just returned from six months in Fiji, where he conducted excavations under a grant from the Viking Fund, Inc., with the aid of the Fijian colonial government.

Dr. Gifford unearthed two horizons of ancient Fijian culture at Vunda, a great crag which is to the natives of Fiji a counterpart of America's Plymouth Rock. According to Fijian legend, the forefathers of the modern natives made their first home in Fiji at Vunda, after a great sea voyage from an unknown home. Further study may reveal a third culture horizon to be present.

Earlier archaeological findings in Oceania have been isolated remains of a single culture, some early and others late. The finding of a sequence of cultures in the same place is something new in the archaeology of this region.

Detailed study of the thousands of potsherds and other artifacts which Dr. Gifford recovered may throw more light on the migrations of peoples in Outer Oceania, which includes Melanesia, Micronesia, and Polynesia.

Stripers Taken

Striped bass fishing has been good recently in Petaluma creek, Sonoma county, states the National Automobile Club. Several large stripers have been taken by trolling.

Brake Check Advised

If the car swerves when the brakes are applied, if skid marks are made by only one tire, or if the brake pedal goes down too far before taking hold, it's time to have a brake inspection, advises the California State Automobile Association. To be safe, brakes should be checked and adjusted at least every 5,000 miles of driving.

Keep Wheels Balanced

Poorly balanced automobile wheels constitute a motoring hazard, according to the California State Automobile Association, which warns that in severe cases the steering mechanism or shock absorber links may break. Any unbalanced multiples in intensity as speed increases, and even an ounce of unbalance amounts to several pounds of vibrating force at high speeds.

Del Norte County Fishing

Salmon are plentiful in the Smith river and salmon and steelhead are plentiful in the Klamath river, Del Norte county, according to the National Automobile Club. Water in the Klamath, however, is high and muddy.

Professor Holds Depression Imminent

The next depression is just around the corner, if, indeed, it hasn't started already, says Dr. Ira B. Cross, professor of economics on the Flood Foundation on the Berkely campus of the University of California.

"And," he adds, "it is going to be a beauty."

There is no valid reason why we should have another depression, Dr. Cross believes. "We know what can be done to avoid depressions," he says, "but the power of various selfish economic pressure groups makes the application of such measures impossible. What we need most of all at present is leaders in the economic and political fields—men with vision to make life under capitalism a life of security and happiness for the people."

The United States is doing little or nothing today to curb a serious threat to its economy, Dr. Cross believes, adding that either the spread of communism abroad or economic collapse at home may spell the doom of capitalism.

Don't Take Chances

Almost 70 per cent of California's 56,625 traffic accidents last year occurred in good weather, when the driver had clear vision of the road ahead. Don't take chances, urges the California State Automobile Association. Take It Easy—and Live!

Automotive Business

Over 534,000 business concerns in the United States, or a sixth of all firms, are in automotive fields, according to the National Automobile Club.

More "Dope" On New Auto Laws

Drive on the right side, Mister. A new law says that a vehicle proceding at less than normal speed of traffic shall be driven in the right hand lane or as close as practicable to the right hand edge or curb.

* * *

Boys, don't drive your power cycle more than 35 miles per hour. That's the maximum for such a vehicle on any highway in the state. And don't forget to register it. There's another new law to that effect. It will cost you $3 plus the vehicle license fee. In 1948 the registration fee goes up $3.

* * *

In snow and ice areas watch for special speed limit signs erected by the Department of Public Works. If Public Works engineers believe that a speed of more than 25 miles per hour is not reasonable and safe in such areas they may erect signs to that effect. When they are in place, the prima facie speed limit on any portion of such a highway so posted is 25 miles per hour.

* * *

In unincorporated areas don't stop, park or leave standing a vehicle upon the main traveled portion of the highway when it is possible to park to one side. Whatever you do leave an unobstructed width of highway opposite your vehicle to permit free passage of others. Always stop so that approaching motorists can see your vehicle from at least 200 feet away.

* * *

No motor vehicle manufactured after January 1, 1936, and first registered in this state after January 1, 1948, shall be operated in California after the registration date unless it is equipped with a type of safety glass approved by the Department of Motor Vehicles.

* * *

Defective rear windows as well as windshields are now unlawful. A police officer may arrest you and require you to produce in court that evidence that your rear window, as well as your windshield, conforms to requirements of the code.

A False Economy

From the early days of the automobile, states National Automobile Club, manufacturers and dealers have pointed out to car owners that it is a false economy to put an old inner tube in a new tire. It still is true although many a car owner attempts to save the small sum represented in the purchase of a new inner tube to go with the new tire.

Steelhead Limits Taken

Numerous limits of steelhead were taken this week in the Eel river near Dos Rios, Mendocino county, according to the National Automobile Club.

Cross At Intersections

Cross only at intersections and with the traffic signals, the public safety department of National Automobile Club advises pedestrians.

Salmon and Steelhead

Salmon and steelhead fishing has improved recently along the Sacramento river in the Glenn county area, reports National Automobile Club. Several fine catches have been made there this week.

Salmon Run Heavy

Salmon run was heavy this week up the Sacramento river in the Shasta county area, reports the National Automobile Club.

Builders of Empire

ADMIRAL ROBERT E. PEARY
★ 1856-1920 ★
American Arctic explorer, credited with discovery of the North Pole in 1908. Intrepid daring and indefatigable qualities of leadership enabled Peary, with a crew of five men, to overcome the hardships that beset them and reach the earth's most northern axis. Notable indeed was his contribution to mankind.

A notable contribution to the people of this community. Our record of leadership in the field of building material and supply has come as the result of the best in service to our customers. They know that it pays to come here FIRST, for price, quality and selection.

Women of Moose Meet Nov. 11 and 13

Women of the Moose, San Francisco chapter 739, will hold an officers and committee chairmen's meeting on November 11 in the home of Elsie Klingler, publicity chairman, 1130 Munich street, at 8 p. m.

Regular monthly meeting will be held on November 13 at 26 Seventh street library. Chairman Irma Herberger, hostess, will be assisted by Nettie Wright of the College of Regents and Dorothy Sciacca, treasurer.

A class initiation will also be held at that time. There is no meeting scheduled for November 7.

State College Presents Comedy

San Francisco State College Theatre will present the rollicking stage and screen comedy success, "Three Men on a Horse," on November 14, 15, 21, and 22, at the Aptos Theatre, Ocean at Aptos.

"Three Men on a Horse," written by John Holm and George Abbott in 1934, has been acclaimed by all as a rare combination of hilarious comedy with a background of genuine character development.

The plot, which ticks off at a sparkling pace concerns a rather meek greeting card poet, Erwin Trowbridge, who becomes entangled with a group of grasping horse racing touts when they discover that Erwin has a fool-proof system for picking the winners. Naive Erwin, who had been a total nonentity before this, suddenly becomes the center of attention from all sides. The resulting confusion and fast action causes a great deal of trouble for Erwin, his bewildered wife, his blatent brother-in-law, his buzz-saw boss, and the horse betters, but offers more than just a great deal of laughter for the audience.

The hilarity of this comedy, under the expert direction of Dr. J. Fenton McKenna, who is well known as a veteran in college and professional theatre circles, makes "Three Men on a Horse" a "must see" feature for all Bay cities theatre goers.
